

InfrasoftTech wins “Business Engagement in BFSI” award from Dell EMC

Mumbai, India - June 7, 2017 - At the Dell EMC ISV Leadership Summit held on 7th June 2017 at Grand Hyatt Mumbai, locally headquartered, Infrasoft Technologies Ltd was recognized for their success under “Business engagement in BFSI”. The Dell EMC ISV Leadership Summit recognizes ISVs in different categories with awards being presented by Alok Ohrie, President and Managing Director, India Commercial, Dell EMC.

InfrasoftTech has been awarded several Anti-Money Laundering projects along with Dell EMC and delivered on them successfully. The trust and transparency afforded by Dell EMC to partners like InfrasoftTech combined with the partner’s focus on emerging solution areas provides for a compelling value proposition.

Mr. Maninder Singh, (in the center) **Co-Founder, InfrasoftTech** receiving 'Business Engagement in BFSI' award from Dell EMC At the ISV Leadership Summit held on 7th June 2017

Maninder Singh, Co-Founder, InfrasoftTech said, *“It’s amazing to win this prestigious award from a company who is strong, profitable and successful to provide our customers with world class end to end technology solutions. Transforming our customers’ IT with industry-leading infrastructure from Dell EMC can drive innovation and help take the customer’s business to the next level.”*

Manish Gupta, Director & General Manager, Infrastructure Solutions Group, Dell EMC India said, *"As more Indians bank and transact online, it's important that companies like InfrasoftTech build the right solutions that enable a safer digital ecosystem. Dell EMC is proud to be the infrastructure vendor of choice for a company with the innovation potential that InfrasoftTech brings to the table."*

Dell EMC ISV program is a strategic partnership program aimed at providing a win-win platform to ISVs for better market reach, increase in value and a joint positioning with Dell EMC brand. ISVs having niche solutions and offerings get their solutions Certified and verified on Dell EMC infra platforms to ensure compatibility and providing a packaged offering to market verticals around BFSI, Smart Cities and IoT enabled sectors.
